

**PRESENTED BY**

Concord (N.H.): City Clerk

JOHN F. CONRAD, MAYOR

Forty-fifth Annual Report  
OF THE  
CITY OF ROCHESTER  
NEW HAMPSHIRE

For the Year Ending December 31st  
Nineteen Hundred and Thirty-six

THE RECORD PRESS, INC.

ROCHESTER, N. H.

# INAUGURAL ADDRESS

by Mayor John F. Conrad

*Gentlemen of the City Council:*

My address to you this morning will be brief. It is not what we may say at this time that the taxpayers will judge us by, but how well we manage the City affairs for the year 1937.

I appreciate the honor conferred upon me. I realize the magnitude and the difficulty of the duties I am undertaking. I am aware of its grave responsibilities.

Therefore I ask your assistance and your cooperation in the work that lies before us. We should have no private thought or purpose of our own in performing our duties.

## *Roads, Bridges and Drains*

There is much work to be done in this department. Many of our streets are in poor condition due mostly to poor drainage.

I think it very poor economy to build roads and then not provide for the proper drainage.

I will not make any specific recommendation at this time as to what should be done, only to say that the Mayor and the Committee on Roads, Bridges and Drains, with the Commissioner should make a thorough investigation of all our highways as soon as possible so that we may not have any delay in starting the work in the spring.

I would further suggest an amendment to the Ordinances requiring weekly meetings of the Committee on Roads, Bridges and Drains with the Mayor and the Commissioner so that better results can be obtained in this department.

## *Police Department*

This department is being well managed and at the least possible expense under the direction of the City Marshal and the Committee on Police.

## *Schools*

Giving the right kind of schooling for Rochester boys and girls is the biggest piece of work our City has to do.

In doing that work we should try only to give to every child the best chance possible.

Personal or political difference of opinion must not keep the City from doing its full duty.

All taxpayers have a right to insist that school money shall be wisely spent, but they will not favor cutting City financial support to the point where our schools are held back.

Rochester has just received a wonderful gift from families who are interested in helping us give our sons and daughters a better chance than ever before.

We want them to know that every one of us appreciates their generosity and stands ready to contribute our share of interest, work and co-operation.

### *Street Lights*

During the past year this department has been well taken care of by the committee and I believe they will continue to do so.

### *Public Library*

The Public Library is a valuable asset to our schools as well as to the general public.

The library to the best of its ability satisfies the demand of the citizens for the outstanding fiction and non-fiction, and furnishes by means of the latest encyclopedias, dictionaries and handbooks the information wanted.

The schools use the library for required reading and reference.

It furnishes all books for required reading as prescribed by the State Board of Education from the seventh grade to and including the senior class of the High School.

It serves every course of study in the High School: mechanic arts; science; government history; the languages, Latin and French; English with its sixteen classes, and even committees looking up programs for its social affairs.

It also furnishes books for necessary reading and study of the college students especially those of New Hampshire University.

Under the supervision of the Librarian, it makes a specialty of keeping all books in repair, thus saving the salary of at least one assistant.

The circulation is constantly increasing from year to year. In 1926 the circulation was 70,808. In 1936 it was 96,601.

More shelving room is badly needed. I shall take up this subject with the Board of Trustees at a later date.

#### *Water Works and Sewers*

I favor a liberal policy in these departments, by extending the water and sewer service so as to encourage the building of homes, thereby creating more taxable property.

I also wish to call to the attention of the Council the advisability of conserving our water supply in case of a drouth and I ask the gentlemen of the committee that will represent this department to take this matter up with the Commissioner and make a thorough investigation and report to the Council the conditions that you find.

#### *Fire Department*

The Fire Department I believe to be one of the most important departments. We have had one destructive fire the past year and much taxable property was destroyed.

I wish to call to the attention of the committee the fact that there is not a box alarm on the Old Dover Road, although there are six hydrants. I believe one box should be installed about midway of these hydrants so as to give better fire protection to the taxpayers in that section of the City.

#### *Conclusion*

There may be many unforeseen things arise which will demand our immediate attention and quick decisions may have to be made, but if we are honest with ourselves and divorced from all partisan politics, then we can look with pleasure on the work we have accomplished.

# CITY GOVERNMENT

## AS ORGANIZED JANUARY 1, 1937

---

*Mayor, JOHN F. CONRAD*

---

### COUNCILMEN

*Ward One*—George A. Pray, Albert R. Chalmers, Ernest L. Rolfe.

*Ward Two*—Ernest W. Campbell, Arthur G. Alden, Arthur F. Mortimer.

*Ward Three*—J. Ernest Richey, Alfred J. Ruel, John J. Hurley.

*Ward Four*—Alfred J. Larochelle, Frank McDonald, Edward B. Richard.

# IMPORTANT RESOLUTIONS AND ORDERS

---

Passed by the City Council, 1936

---

## RESOLUTION TO PROVIDE FOR NECESSARY CITY EXPENSES, PENDING THE PASSAGE OF THE ANNUAL APPROPRIATION

*Resolved by the Mayor and City Council of the City of Rochester:* That pending the passage of the annual appropriation measure for the year 1936, the Mayor be and hereby is authorized and empowered to validate orders on the City Treasurer for all duly approved and properly classified claims for operating expenses of the City and its municipal subdivisions.

Passed January 1, 1936.

---

## RESOLUTION TO HIRE MONEY IN ANTICIPATION OF TAXES

*Resolved by the Mayor and City Council of the City of Rochester:* That the Committee on Finance be authorized to hire in anticipation of taxes for the year 1936, a sum not exceeding one hundred and fifty thousand dollars, to be hired at such times and taken up at such times as the balance in the treasury will permit, said sums to be hired on notes of the City.

Passed January 1, 1936.

---

## RESOLUTION TO TRANSFER RELIEF OFFICE

*Resolved by the Mayor and City Council of the City of Rochester:* That the Relief Office, together with its organization, as maintained and carried on by the Health Department in the Lothrop-Farnham Block, be and hereby is discontinued;

That the chairman of the Board of Health, together with his committee, establish and maintain such officers and assistants as said chairman and board may believe to be required for the proper administration of its duties;

That said Relief Office, under the direction of the Overseer of the Poor, shall be established in suitable quarters at the City Building.

Passed January 7, 1936.

---

#### RESOLUTION TO DISPOSE OF HORSES, HARNESSSES AND VEHICLES AND EQUIPMENT

*Resolved by the Mayor and City Council of the City of Rochester:* That the Highway Committee be, and hereby is, empowered to sell all horses, harnesses, horse-drawn vehicles and equipment, owned by the City of Rochester.

Passed January 7, 1936.

---

#### RESOLUTION TO PURCHASE SIDEWALK MOTOR PLOW

*Resolved by the Mayor and City Council of the City of Rochester:* That the Highway Committee purchase for and on behalf of the City one motor driven sidewalk plow, together with all equipment found necessary, and expend therefor a sum not to exceed seventeen hundred dollars for the same, said purchase to be made from such companies and on such terms and conditions as said Highway Committee may deem best; that the money necessary to make said purchase be and hereby is made a special appropriation.

Passed January 14, 1936.

---

#### AMENDMENT TO ORDINANCE, PARKING REGULATIONS

*Resolved by the Mayor and City Council of the City of Rochester:* That Section 3 of Chapter 14 of the City Ordinances pertaining to parking of motor vehicles upon all streets of the City of Rochester be amended by striking out the whole of the same and inserting in its place the following:

No motor vehicle shall be parked within the compact part of the City between the hours of twelve o'clock midnight, until sunrise, unless parking lights and tail lights are lighted.

No person shall, between the hours of 7 o'clock A. M., and 6 o'clock P. M., be allowed to park or stand a motor vehicle for more than one hour on North Main Street from Bridge Street to Central Square; on the whole of Central Square; on South Main Street from Central Square to Portland Street, and on Hanson Street, except Sundays and holidays.

That all parking of motor vehicles on the foregoing designated streets shall be within the marks placed upon the highway as follows: North Main Street and Hanson Street all parking shall be parallel with the curbing; on the westerly side of Central Square all parking shall be at right angles to the curbing; on all other parts of the foregoing named highways all motor vehicles shall be parked at an angle of approximately forty-five degrees.

When fire alarm is sounded or on approach of fire apparatus, drivers of vehicles shall swing close to the right hand curb of the street they are on and exercise all possible care to facilitate free passage of fire apparatus and men and not approach within two hundred feet of the place of fire.

No person shall park or leave standing a motor vehicle within ten feet of any hydrant.

No vehicle shall be parked or left standing within the City of Rochester upon parts of the following streets: Bridge Street between the Bridge and Main Street; Union Street between a point one hundred feet easterly from Main Street and Main Street; Congress Street from Central Square to Arrow Street; Liberty Street between a point fifty feet westerly from Main Street and Main Street; and between a point fifty feet easterly from Charles Street and Charles Street; Hanson Street on the northerly side, between a point fifty feet easterly from Central Square and Central Square.

The one-hour parking law hereinbefore set forth will not apply to operators of licensed taxis when in locations allotted to them as a taxi stand, and to the Dover, Somersworth and Rochester busses and the Interstate busses when in the location allotted to them on the easterly side of Parson Main Monument as their

stands, and to the parking space reserved for the Police Department on the southerly side of Parson Main Monument.

Passed January 14, 1936.

#### RESOLUTION TO AUTHORIZE AN AUDIT

*Resolved by the Mayor and City Council of the City of Rochester:* That a complete audit of the financial affairs of the City of Rochester be had for such period of time as may be found necessary to ascertain the true financial condition of the City;

That the Finance Committee select and hire a competent auditor upon such terms and conditions as may be found necessary, and have charge over and supervise the audit.

Passed January 14, 1936.

#### RESOLUTION TO LEASE BRICK STABLE BUILDING TO AMERICAN LEGION

*Resolved by the Mayor and City Council of the City of Rochester:* That the City of Rochester lease and let to the American Legion the brick building used as a stable situate between Hanson and Autumn Streets; that the Highway Committee be and is hereby authorized on behalf of said City of Rochester to make and execute a lease to said Legion on such terms and conditions as may be mutually agreed upon.

Passed March 3, 1936.

#### AMENDMENT TO ORDINANCE, TO REPEAL ORDINANCE OF DISCOUNT ON TAXES

*Resolved by the Mayor and City Council of the City of Rochester:* That, whereas, the interest rate for the hiring of money in anticipation of taxes for the year 1936 is so low that there will be a substantial saving in the amount to be so paid for interest as compared with the discounts allowed for the year 1935.

Be it ordained that the provisions of Section 2 of Chapter 19 of the Revised Ordinances of the City of Rochester be repealed.

Passed April 7, 1936.

**AMENDMENT TO ORDINANCE, SALARY OF CLERK AND ASSISTANT**

*Resolved by the Mayor and City Council of the City of Rochester:* That Paragraph 3 of Section 1 of Chapter 24 of the City Ordinances, be amended by striking out the whole of said paragraph and inserting in place thereof the following:

The City Clerk sixteen hundred and fifty dollars, and the assistant in the Clerk's office to be engaged by the Clerk at a maximum salary of ten hundred and fifty dollars per year. The City Clerk and Assistant Clerk shall be paid weekly from the salary department.

Passed April 7, 1936.

---

**AMENDMENT TO ORDINANCE, DUTIES OF CITY CLERK**

*Resolved by the Mayor and City Council of the City of Rochester:* That Section 3 of Chapter IV be amended by adding a section to be known as

Section 3A. The City Clerk shall collect all permit fees required by law in the registration of motor vehicles, keep a proper record of the same, and pay the same to the City Treasurer.

Passed April 7, 1936.

---

**AMENDMENT TO ORDINANCE, CITY ACCOUNTANT**

*Resolved by the Mayor and City Council of the City of Rochester:* That Chapter IV of the City Ordinances be amended by adding Section 21 at the end of said chapter, said section to read as follows:

Section 21. That there be now created the office of City Accountant; that the City pay to said Accountant an annual salary of two thousand dollars per year in weekly payments.

That the City Accountant be elected by the City Council annually, as and when other city officials are elected at the first meeting in January.

Passed April 7, 1936.

## RESOLUTION OF ANNUAL APPROPRIATION

*Resolved by the Mayor and City Council of the City of Rochester:* That there shall be raised and there is hereby ordered to be raised with such overlay as may be found necessary, on the polls and ratable estates within the said City \$287,649.05 to defray the necessary expenses of the City for the ensuing year, which together with the sums which may be received from various sources, shall be appropriated.

Passed April 7, 1936.

---

## AMENDMENT TO ORDINANCE, CONSTRUCTION OF SIDEWALKS

*Resolved by the Mayor and City Council of the City of Rochester:* That we amend Section 5, Chapter 11 of the Revised Ordinances of the City of Rochester, as amended February 5, 1935, and April 2, 1935, by striking out all of said Section 5 of Chapter 11 with amendments thereto, and inserting in place thereof the following:

Section 5. All sidewalks built by the City of Rochester shall be constructed by and under the supervision of the highway department of said City. Preference in order of construction shall be given to petitioners who by written application shall agree to pay one-half the cost of construction, said payment to be made before the work is begun.

Passed May 5, 1936.

---

## RESOLUTION TO PROVIDE FOR WATER SET-UP TO COMPLY WITH CHAPTER 135, SECTION 1, PUBLIC LAWS OF 1935

*Resolved by the Mayor and City Council of the City of Rochester:* That in order to comply with the 1935 Laws of New Hampshire, Chapter 135, Section 1, the City Treasurer and City Accountant take such steps as they find necessary to comply with the regulations set forth by the Public Service Commission of New Hampshire with reference to keeping accounts of Municipal Electric and Water Utilities. Said reg-

ulations are set forth in a pamphlet issued by the Public Service Commission under date of February, 1936. That said Treasurer and Accountant be and hereby are authorized upon the approval of the Finance Committee to expend such sum as may be found necessary to provide the City with books and materials necessary for said system.

Passed May 5, 1936.

---

#### RESOLUTION TO ADOPT DAYLIGHT SAVING

*Resolved by the Mayor and City Council of the City of Rochester:* That, whereas, the neighboring Cities of Portsmouth, Dover and Somersworth are operating on the plan known as the Daylight Saving Plan, by requiring their employees to go to work an hour earlier in the morning and quit an hour earlier in the afternoon, it is desirable that the hours of employment conform to those of our neighboring Cities, now, therefore be it

Resolved: That all City employees of the City of Rochester for and during the period from May 11 to the last Sunday in September, to wit: September 27, all begin their day's employment one hour earlier and quit said employment one hour earlier each day during this period.

The co-operation of all the merchants, manufacturers and all places of business and of all citizens of the City is respectfully requested.

Passed May 5, 1936.

---

#### RESOLUTION TO SUPPLY SALMON FALLS ROAD WITH WATER SUPPLY

*Resolved by the Mayor and City Council of the City of Rochester:* That, whereas, the Works Progress Administration of the Federal Government has approved of a project to lay twenty-two hundred and fifty feet of eight-inch water main, and twenty-eight hundred feet of six-inch water main with six hydrants on the Salmon Falls Road, and also the installation of a 50,000-gallon elevated water tank, with a 2-inch centrifugal pump to be used in connection therewith at a

cost of twenty-four thousand nine hundred twenty-two dollars and seventy-three cents, and whereas, the said City of Rochester's share of the cost of construction of the same is eleven thousand one hundred and twenty-one dollars and three cents, being forty-five per cent. of the total cost.

Now, therefore, be it resolved:

That the City of Rochester expend the said sum of eleven thousand one hundred twenty-one dollars and three cents for said project, and that it raise said sum by the issuing of its notes bearing interest at the rate of 3 per cent. per annum, payable semi-annually, in such sums and in such manner as will extinguish the entire City debt on account of which said notes are issued, at maturity, the first payment on said notes to be made not later than two years, and the last payment on said notes to be made not later than twenty years, from the date of issuing of said notes, in accordance with Section 3, of Chapter 59, of the Public Laws of N. H.; that the retirement payment on said notes shall be of no greater amount each year than the amount of the first retirement payment, but may be retired at a lesser amount;

That the Mayor and the City Treasurer be and hereby are authorized to sign and execute such notes of the City on its behalf as may be found necessary to finance this indebtedness, and that the City Clerk is hereby authorized to countersign said notes.

That the City of Rochester shall make sale of said notes to the public in so far as it may seem advisable to the City to do so.

The Finance Committee of said City is directed to make use of any of the funds of said City in the purchase of such of said notes as said City may be unable to sell to the public.

Passed June 16, 1936.

---

RESOLUTION TO AUTHORIZE FINANCE COMMITTEE TO FILE APPLICATIONS FOR FEDERAL PROJECTS

*Resolved by the Mayor and City Council of the City of Rochester:* That the Finance Committee be

and is hereby authorized to apply to Works Progress Administration for proposal for allotment of funds for the several projects under consideration.

Passed June 16, 1936.

---

#### RESOLUTION AS TO PARKING PROJECT IN FACTORY COURT

Resolved that the Honorable Mayor appoint a committee of three members of the Council to confer with Hannah Bradford owner of four buildings, with Nellie Connelly owner of two buildings, and with Katherine Mahoney owner of two buildings, located on Factory Court in said Rochester, for the purpose of securing from them a written offer to sell said property to said City at a definite price, said committee to obtain said offers in writing and submit the same to the Council at some special meeting called for that purpose or at the next regular meeting, the purpose of said estimate being to assist the City of Rochester in securing the necessary information to determine the costs of construction of the Parking Project on said properties, with the aid of the Federal Government.

Passed July 7, 1936.

---

#### RESOLUTION TO MAKE APPROPRIATION FOR LAKE REGION DEVELOPMENT

*Resolved by the Mayor and City Council of the City of Rochester:* That the sum of \$900.00 be paid the association for the development of the Lake Region as Rochester's share in such development. Said sum to be paid from money not otherwise appropriated.

Passed July 7, 1936.

---

#### RESOLUTION TO PROVIDE FOR ALTERATIONS AND EQUIPMENT AT HIGH SCHOOL BUILDING

*Resolved by the Mayor and City Council of the City of Rochester:* That the sum of three thousand dollars be and hereby is appropriated to be expended by the School Board of the City in the making of cer-

tain alterations and changes, and the purchase of equipment for the High School building;

That the money necessary to defray the foregoing expenses be raised by issuing the City's notes therefor and selling them to those of the public who may desire to purchase the same.

That said notes be issued in such sums that the same may be retired within ten years from date of their issuance, the first payment thereof being made not later than two years from the date of issuance of said notes; said notes to bear interest at the rate of 3%. That the Finance Committee be and hereby is authorized and directed to issue the notes as above set forth.

Passed August 4, 1936.

---

#### RESOLUTION TO CONSIDER AND PROVIDE FOR PAYMENT OF PROJECTS

*Resolved by the Mayor and City Council of the City of Rochester:* That the action taken by the City Council wherein they declined to accept the proposed Federal Projects collectively be and hereby is rescinded and that the projects be considered collectively at this time.

Be it resolved by the Honorable Mayor and City Council, that the sum of forty-two thousand eight hundred fifty-seven dollars and ninety cents or such part thereof as may be found necessary to pay the cost of the projects approved by the City Council, be raised by the issuing of City notes to be known as serial notes. The same to be retired in annual payments. The amount of such payments shall be sufficient to extinguish the entire debt on account of which they are made at maturity, the first payment to be made not later than two years and the last payment not later than twenty years after the date of the notes issued therefor. The payment in any year shall not be less than the amount of the principal payable in any subsequent year, as provided in Section 3, Chapter 59 of the Public Laws of New Hampshire. Said notes to draw interest at 3%.

That the Finance Committee be and is hereby authorized to issue said notes in the manner above set

forth when and as the demands of the projects may require.

Passed September 11, 1936.

---

#### RESOLUTION FOR WALKWAY TO STREET FROM SCENIC THEATRE

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas the Scenic Theatre has constructed an improved sidewalk leading from the exits in the rear of the theatre and whereas the Twin State Gas & Electric Co. is willing to change the location of electric light pole and install new light thereon at its own expense, and whereas there is a public demand and need for the building of walkway leading to the street.

Now, therefore, be it resolved that the Fire Committee make investigation of said situation, prepare plans for development and costs of the same, and report at the next City Council meeting.

Passed October 6, 1936.

---

#### RESOLUTION TO PURCHASE CEMENT FOR TENNIS COURTS

*Resolved by the Mayor and City Council of the City of Rochester:* That the sum of three hundred dollars be expended to purchase cement that may be required to complete the tennis courts now in the process of construction.

That the said sum of three hundred dollars be taken from money not otherwise appropriated.

Passed October 6, 1936.

---

#### RESOLUTION TO MAKE INVESTIGATION AS TO TRAFFIC LIGHT

*Resolved by the Mayor and City Council of the City of Rochester:* That the Police Committee make an investigation with reference to the advisability of placing a stop light on South Main Street near its junction with Portland Street, and as to the cost of

installation and maintenance of the same, making report thereon to the next Council meeting.

Passed October 6, 1936.

---

### RESOLUTION TO TRANSFER FUNDS SPECIALLY APPROPRIATED

*Resolved by the Mayor and City Council of the City of Rochester:* That the unexpended balance of Project 490, money appropriated for sewers be transferred to Project 974, for the construction of a sanitary sewer on the Gonic Road.

Passed October 6, 1936.

---

### RESOLUTION TO GRANT MAYOR AUTHORITY TO EMPLOY ASSISTANTS FOR WATER WORKS SET-UP

*Resolved by the Mayor and City Council of the City of Rochester:* That the Mayor be authorized to do all things necessary in order that the condition of the Water Department for the Public Service Commission may be filed at an early date after January 1, 1937. Any expense in connection with said set-up to be paid from the earnings of the Water Department.

Passed November 4, 1936.

---

### RESOLUTION ACCEPTING PROPOSAL OF SPAULDING FAMILIES

*Resolved by the Mayor and City Council of the City of Rochester:* That the City of Rochester does hereby accept the proposal submitted to it by the Spaulding Families by their letter dated November 5, 1936.

Passed November 10, 1936.

---

### RESOLUTION AUTHORIZING MAYOR TO AP- POINT A BUILDING COMMITTEE TO CARRY OUT PROPOSAL OF SPAULDING FAMILIES

*Resolved by the Mayor and City Council of the City of Rochester:* That the Mayor of the City of

Rochester for and on behalf of the City Council and School Board appoint a Building Committee to act with the Spaulding Families in carrying out the terms of its proposal with reference to the building of the high school building, with power to act.

Passed November 10, 1936.

---

#### RESOLUTION ACCEPTING CONTRACT OF SPAULDING FAMILIES

*Resolved by the Mayor and City Council of the City of Rochester:* That the contract submitted by the Spaulding Families with reference to the carrying out of their proposal of November 5, 1936, be and hereby is accepted, and the Mayor of said City of Rochester is authorized to execute the same for and on behalf of said City.

Passed November 10, 1936.

---

#### RESOLUTION AUTHORIZING THE MAYOR TO SIGN ALL PAPERS TO CARRY OUT THE TERMS OF PROPOSAL OF SPAULDING FAMILIES

*Resolved by the Mayor and City Council of the City of Rochester:* That the Mayor of said City be and hereby is authorized to sign all papers found necessary to carry out the terms of the proposal made by the Spaulding Families dated November 5, 1936.

Passed November 10, 1936.

---

#### RESOLUTION TO MAKE APPLICATION FOR A FEDERAL GRANT

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas said Spaulding Families' proposed gift was conditioned upon the obtaining of a building site for said high school and the obtaining and equipment of an athletic field, in a sum not to exceed fifty thousand dollars.

Now, therefore be it resolved by said Honorable Mayor and City Council that application be made to the Federal Emergency Administration of Public

Works for a grant of forty-five per cent. of said cost of purchase and construction, of said building site and athletic field.

Passed November 10, 1936.

---

**RESOLUTION THAT FINANCE COMMITTEE BE AUTHORIZED TO HIRE A SUM NOT TO EXCEED \$40,000.00 FOR PURCHASE OF A BUILDING SITE**

*Resolved by the Mayor and City Council of the City of Rochester:* That the Finance Committee be authorized to raise for and on behalf of the City of Rochester either through the issue of bonds or notes a sum not to exceed \$40,000.00, and that said sum be expended by said Finance Committee through the special committee appointed by the Mayor for the construction of said high school building, and the purchase of a building site and athletic field; said bonds or notes to be issued in accordance with the provisions of Section 3, of Chapter 59 of the Public Laws of New Hampshire. Said bonds or notes to bear interest at 3%.

Passed November 10, 1936.

---

**RESOLUTION FROM CITY COUNCIL FOR APPLICATION TO FEDERAL EMERGENCY ADMINISTRATION FOR GRANT FOR NEW HIGH SCHOOL BUILDING**

*Resolved by the Mayor and City Council of the City of Rochester:* Application Resolution—Resolution No. A resolution authorizing the City of Rochester, New Hampshire, to file an application to the United States of America through the Federal Emergency Administration of Public Works for a grant to aid in financing the construction of a public high school and athletic field and designating Harry H. Meader, Mayor of Rochester, to furnish such information as the Government may request.

*Be it resolved by the City Council, Rochester, New Hampshire:*

Section 1. That Harry H. Meader, Mayor of

Rochester, be and he is authorized to execute and file an application on behalf of the City of Rochester, New Hampshire, to the United States of America for a grant to aid in financing the construction, furnishing and equipment of a public high school and athletic field in Rochester.

Section 2. That Harry H. Meader, Mayor of Rochester, be and is hereby authorized and directed to furnish such information as the United States of America through the Federal Emergency Administration of Public Works may reasonably request in connection with the application which is herein authorized to be filed.

Harry H. Meader, Mayor

Guy E. Chesley	Ralph E. Came
Frank McDonald	Alfred W. Kay
Arthur G. Alden	Albert R. Chalmers
Ernest W. Campbell	J. Ernest Richey
Alfred Larochele	Harry S. Johnson
Kenneth H. Brock	Joshua Studley
Gordon G. Cushing	George J. Potvin
Samuel Hale	John F. Conrad

Passed November 10, 1936.

---

#### CERTIFICATE OF CLERK

I, Frank E. Hussey, the duly elected, qualified and acting Clerk of the City of Rochester, New Hampshire, do hereby certify that I have compared the attached copy of a Resolution, entitled "A resolution authorizing the City of Rochester, New Hampshire, to file an application to the United States of America through the Federal Emergency Administration of Public Works for a grant to aid in financing the construction, furnishing and equipment of a public high school and athletic field in Rochester and designating Harry H. Meader, Mayor of Rochester, to furnish such information as the Government may request," with the original of such Resolution on file in my office and that the same is a true and correct copy of such Resolution which was regularly adopted at a meeting of the City

Council of the City of Rochester, New Hampshire,  
duly held on the 10th day of November, 1936.

Dated this tenth day of November, 1936.

(Seal)

FRANK E. HUSSEY,  
Clerk.

Passed November 10, 1936.

---

#### RESOLUTION OF APPROVAL OF SPAULDING CONTRACT

*Resolved by the City Council and School Board of  
the City of Rochester:* That the contract signed by the  
City of Rochester and School Board through the Mayor,  
duly authorized, be and hereby is, ratified, approved  
and accepted.

Passed December 3, 1936.

---

#### RESOLUTION OF APPROVAL OF SPECIAL COMMITTEE RESOLUTION

*Resolved by the City Council and School Board of  
the City of Rochester:* That they approve of the ap-  
pointments made by the Mayor to the Joint Special  
Committee acting under the Spaulding contract.

Passed December 3, 1936.

---

#### RESOLUTION TO CONSTRUCT A HOCKEY RINK

*Resolved by the Mayor and City Council of the  
City of Rochester:* That the Highway Committee be  
authorized to spend a sum not exceeding three hundred  
dollars to the construction of a boarded skating rink  
at Base Ball Grounds. This work to be done at once  
and to be paid for from money not otherwise appro-  
priated.

Passed December 3, 1936.

# FINANCIAL STATEMENT

---

*To the Honorable Mayor and City Council:*

Herewith is submitted a report of the financial condition of the City of Rochester at the close of business December 31, 1936, together with supporting statements and schedules showing the results of operations for the year.

The report is submitted in three separate groups.

Group 1 shows the General Municipal and Budget Accounts, and Operations for 1936, together with supplementary and supporting schedules.

Group 2 shows the Report of the Trustees of The City of Rochester Trust Funds together with an analysis of earnings for 1936.

Group 3 shows the Report of the Rochester Water Works with the Balance Sheets and Statement of Operations set up to conform to the newly established requirements of the Public Service Commission with reference to Municipal Owned Water Utilities.

In group 1, covering the Municipal and Budget Accounts, the Total Funded Debt shows an increase of \$3,636.20, accounted for as follows:

**New Obligations Issued:**

Water Construction Notes,	\$11,000 00
School Alteration and Equipment Notes,	3,000 00
Public Improvement Notes (For City Parking Property),	15,136 20
	_____
	\$29,136 20

**Obligations Paid:**

School House Bonds,	\$14,000 00
Sewer Construction Notes,	7,500 00
Water Construction Notes,	4,000 00
	_____
	\$25,500 00

Increase in Funded Debt, \$3,636 20

The Total Funded Debt as of December 31, 1936 is \$120,636.20 or \$11.82 per capita.

The Profit and Loss Account of the Water Works shows a debit balance of \$5,844.96. This is because there has been charged against Net Income for the year the appropriation of \$12,500.00 from the Water Works to the Municipal Budget for 1936. This Profit and Loss Deficit, however, should adjust itself by the close of 1937 provided no further charges are made to it for the Municipal Budget.

Tax Anticipation Money was borrowed at a rate of .40%. While this reflects the very low rates for short term money prevailing during the year, it is also indicative of the fine financial credit position of the City.

Respectfully submitted,

J. STACY TRIPP,  
City Accountant.

#### LIST OF SCHEDULES

1. General Balance Sheet.
2. Analysis of Revenue Surplus.
3. Comparative Summary of Revenues and Expenditures.
4. Statement of Cash Receipts.
5. Statement of Cash Disbursements.
6. Schedule of Real Estate and Personal Property.
7. Statement of Funded Debt.
8. Statement of Tax Liens and Tax Title Accounts.
9. Statement of Tax Anticipation Borrowing.
10. Statement of Overlay of Taxes (1935 Account).
11. Cost of Sewer Construction.
12. Statement of Comparative Revenues.
13. Statement of Comparative Appropriation Charges.
14. Statement of Special Appropriation for Sewer Construction.
15. Statement of Special Appropriation for High School Alteration and Equipment.
16. Statement of Special Appropriation for City Parking Property.
17. Statement of Net Indebtedness (Exclusive of Water Debt).

Oil used for police car .....	50 qts.

Respectfully submitted,

FRED S. HARTFORD,  
City Marshal.

## REPORT OF CITY SOLICITOR

---

*To the Honorable Mayor and City Council of the City  
of Rochester:*

Gentlemen:—Your solicitor begs to report that there are no actions pending in Court wherein the City of Rochester is named defendant.

Suit was brought for the City against the estate of George Corliss to recover moneys paid to him toward his support. This action is awaiting distribution of an estate in Carroll County, wherein he is named legatee.

Of the many legal questions which have arisen during the past year, all have been disposed of without litigation, other than the one above set forth.

Respectfully submitted,

GUY SMART,  
City Solicitor.

# REPORT OF CLERK OF POLICE COURT

---

Clerk.

---

This is to certify that I have examined the accounts of William E. Jacobs, Clerk of the Municipal Court of Rochester for the year ending December 31st, 1936, and I find them as set forth in the above statement with all payments to the Treasurer properly receipted for and a cash balance on hand of \$165.29.

GARDNER S. HALL,  
Justice.

# REPORT OF SEALER OF WEIGHTS AND MEASURES

---

*To the Honorable Mayor and City Council:*

I herewith submit my report for the year ending December 31, 1936.

I have made 283 inspection calls. Inspected 411 scales, 189 gasoline pumps and sealed them. Made 44 re-inspections, 3 sets of scales were condemned and confiscated, 8 scales were condemned for repairs, 16 gasoline pumps were condemned for repairs. Inspected all wood, coal and fuel oil trucks.

There was one court case for short weights.

I have made regular trips through the stores to look over the scales and reweigh sealed packages, potatoes, onions, etc.

I have sent 333 reports to the Department of Weights and Measures at Concord.

Respectfully submitted,

J. B. CALLAHAN,  
Sealer of Weights and Measures.

## REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

---

*To the Honorable Mayor and City Council:*

In rendering my report of the Fire Department for the year ending December 31, 1936, I would state that we have been very fortunate in not having many serious fires but we may not always be so fortunate, therefore it stands us in hand to be prepared for whatever emergency may arise by having up-to-date equipment.

There have been 14 bell alarms, 109 still alarms, mostly chimney fires, 43 brush and forest fires in the city proper; 2 bell alarms, 11 still alarms, 1 brush and forest fire at East Rochester; 2 bell alarms, 13 still alarms, 11 brush and forest fires at Gonic; making a total of 206 alarms for the year.

Out of town calls: We assisted Barrington on January 4 and October 27; East Rochester assisted Lebanon on April 19, September 20 and September 26.

The amount of property involved in fires is as follows:

Value of buildings .....	\$226,200	00
Insurance on same .....	190,250	00
Losses paid .....	35,218	97
Value of contents .....	99,670	00
Insurance on same .....	88,150	00
Losses paid .....	19,024	80

The men at the fire station have put out 16 fires where some parts of the building were afire and 7 automobiles and trucks this year which have saved a lot of bell alarms this year.

I will recommend that the city purchase 1,000 feet of 2½ inch rubber line, double jacket hose as Gonic and

East Rochester are lacking hose. We find our hose is in bad condition.

I will recommend that the city purchase some more fire alarm boxes. We still have 2 old boxes in service. The School street box is in bad condition.

In behalf of the Fire Department, I will take this opportunity to extend our sincere thanks to all the officers and members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee and Members of the City Council for what they have done for the Fire Department during the year just ended.

Respectfully submitted,

JOHN F. NUTE,  
Chief of the Fire Department.

## ROCHESTER FIRE ALARM

Box No.	Location
12	Central Square, corner Congress Street.
13	North Main and Bridge Streets.
14	River and Lafayette Streets.
15	Waldron Avenue and Chestnut Street.
16	Pine and Brattle Streets.

# REPORT OF BOARD OF HEALTH

---

*To the Honorable Mayor and City Council of the City of Rochester:*

We herewith submit our report for the year ending December 31, 1936.

Number of contagious or infectious diseases reported .....	88 cases
Scarlet fever, 10 cases, no deaths	
Measles, 4 cases, no deaths	
Diphtheria, none	
Typhoid fever, none	
Chicken pox, 74 cases, no deaths	
Number of rooms fumigated .....	42
Number of deaths from all causes (excluding stillbirths) .....	182
Number of stillbirths .....	14
Number of deaths from tuberculosis .....	1
Number of deaths from cancer .....	25
Death rate per 1,000 (basis 1,000 population)	18.2
This rate is not the true death rate for our city on account of the deaths of non-residents who are brought to our hospital, many of them in a moribund condition on arrival.	
Dorothy Morse, R.N., Staff Nurse of State Board of Health, has made seven visits to Rochester during the year.	
Number of children receiving treatment ..	54
Number whose ages run from 6 mos. to 1 yr.	9
Number whose ages run from 1 yr. to 6 yrs.	45
Number of diphtheria immunization clinics held .....	1

Respectfully submitted,

NORMAN K. CHESLEY, M.D.,  
FORREST L. KEAY, M.D.,  
CHARLES E. GOODWIN,

Board of Health.

# REPORT OF OVERSEER OF POOR

---

*To the Honorable Mayor and City Council of the City of Rochester:*

The following list shows the names and the amount of direct relief furnished each applicant by the City of Rochester for the year ending December 31, 1936.

At a meeting of the trustees of the Rochester Public Library, December 30, 1936, it was voted that the report of the secretary, librarian and treasurer be presented to the city council as the annual report of the trustees for the year 1936.

## REPORT OF LIBRARY TRUSTEES

---

*To the Honorable Mayor and City Council:*

Gentlemen:—The Board of Trustees of the Rochester Public Library respectfully submit its forty-third annual report together with the reports of the librarian and city treasurer.

As to the disbursement of the money appropriated by the city council, and that received from the endowment funds, we refer you to the detailed report of the librarian. We feel that, through the long and studied experience of our librarian, these moneys have been judiciously distributed to meet the demands of an ever increasing and discriminating clientele.

The present congested condition of the main floor of the library could be much relieved at a small cost, by converting the present lecture room into a children's reading room. By such a change the entire first floor could be used for the purposes of reference, reading and circulation.

We repeat a paragraph from our last report: we may be pardoned for repeating our appeal previously made to someone, interested in the worth of such an institution to the community, to establish an endowment, the income from which should be used wholly for the upkeep of the building. Such a contribution would be a lasting memorial to the donor.

The library force has never been more efficient. We thank them for their continued helpful service.

For the Trustees,

JOSEPH F. SWEET,  
Secretary.

## REPORT OF LIBRARIAN

---

*To the Board of Trustees of the Rochester Public Library:*

Gentlemen:—I herewith present a report of the work for the year 1936. Concerned as this report is with the growth, use and needs of the library, there is necessarily a similarity to former reports. This year, as always, there are a few high lights brought out by the demands and needs, which should be mentioned.

Those who are buying books for their own libraries realize the increasing cost of desirable books. One thousand four hundred and six dollars and eighty-two cents have been spent for books this year but that amount of money has purchased only 985 volumes, ranging in price from thirty-eight cents for a few of the children's books to eighteen dollars for a Webster's Dictionary. Owing to the fine discounts allowed by the different book houses and by means of a careful attention to cut price lists and the chance to buy used copies of popular books occasionally, the average cost of the books purchased has been \$1.43 per volume.

The lower rate of interest on the three funds bequeathed to the library for books has meant a great loss to the book allowance.

During the year magazines have been bound on an average of two each month adding, in this way, 24 volumes to the number of books purchased, 84 volumes have been accepted as gifts, thus bringing the total number of books in the library, after deducting the 36 discarded and the 12 lost or destroyed, to 34,149.

These, together with more than 1,000 volumes of magazines, filed, wrapped and labeled and many documents and pamphlets, are housed in a building built and equipped to contain 25,000 books.

In the book additions of the year, thought has been given to the individual reader and student, whatever their subject or preference. The books have been up-to-date and among them were many which are occupying the time and attention of readers everywhere.

The 1936 edition of the Encyclopedia Americana in twenty volumes; the 1936 edition of the Webster's New International Dictionary; a 1936 Atlas of the World and many hand books, valuable for their quick answers to the questions which come to the library daily by phone or from the reference room, have been purchased.

That the library is used and appreciated is demonstrated by the number of books given out, a grand total of 96,601 this year, and the 18,296 visitors who have come to the rooms either for reading or study.

Everything which could be thought of to attract children to books and the library has been done but there seems a gradual falling off in interest. So much is being done to entertain children today and we sometimes wonder if all this required reading is not killing the reading habit.

At least an hour each day is spent in keeping the books in good condition. Books are purchased, adorned with plates, pockets, labels and the seal of the library; they are catalogued, shelf-listed for numbers and accessioned. They go out and come back, sometimes with stains and torn pages, after a time pages are loosened, backs are broken. Each book receives a thorough inspection when it is returned. The first hour of the afternoon is spent looking after the shabby books which came in the day before, torn or loose leaves are mended, the print of soiled fingers erased, some are washed with soap and water, some which have absorbed too many kitchen odors are fumigated and others, badly worn after a circulation of several hundred times, are taken apart, sewed and put back into their bindings with a new back and new end pages. Twelve thousand one hundred and seventy-seven have been repaired during the year, an average of 39 $\frac{1}{2}$  per day.

The patrons are so delighted with the clean and wholesome condition of the books that rarely do we find a careless patron. Strangers and visitors from other libraries speak of their immaculate appearance and often express a doubt as to their popularity until shown the record of their circulation.

Crippled as the library has been with its lack of room and the inconvenience of so many books off the

shelves and scattered through the basement the work has been doubly difficult yet it has gone on and every detail has been attended to with the same patience and intelligence on behalf of the staff. Every corner and aisle of the main floor and basement have now been utilized. What the next move will be we cannot say.

Owing to the advancing cost of worth while books and the absolute need of duplicates to accommodate the pupil readers from the seventh grade through the senior class at high school, with twenty-five students asking for the same book at the same time and as during this last year more than 4,000 books have been needed to carry on this part of the work, more money will be needed for books another year and more room to take care of them.

Throughout the year I have had the faithful and willing cooperation and help of every member of the staff, for which I thank them.

I would also thank you gentlemen of the Board of Trustees for your interest and advice and also all who have by kind words and deeds shown their appreciation.

Respectfully submitted,

LILLIAN E. PARSHLEY,  
Librarian.

Rochester, N. H., December 30, 1936.

## STATISTICS FOR 1936

## GROWTH

Number of volumes in library January 1, 1936 .....	33,104

## ATTENDANCE OFFICER

C. EDWARD GOODWIN

# REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Members of the Rochester School Board:*

The annual report now submitted for your consideration is the fourth prepared by me and the forty-fifth in the series of such reports. It has been my purpose to present information desired by school patrons and to discuss those issues which have been before this department.

Because of high school changes, both accomplished and proposed, your attention is directed to the report prepared by Headmaster Peavey. His observations and recommendations are worthy of special study as embodying plans for future as well as present practice.

Similar attention to the report of our School Nurse is solicited. Her activity as shown by the number of visits made both at school and in homes, testifies to her zealous interest in health work.

Uninteresting statistics have been omitted in favor of the type of discussion and report acceptable to public choice as I interpret it.

## STUDY OF HIGH SCHOOL ORGANIZATION

When, after a lapse of years, the events of 1936 are viewed in retrospect the report of the special school board committee appointed to study forms of high school organization and the subsequent action of the Board will undoubtedly stand out above them all. It is my belief that no more eventful or far reaching action is to be found in our records.

The special committee, consisting of Walter H. Wood, Robert D. Marsh, and J. Morrill Wright with the superintendent of schools as secretary, made a thorough study of forms of school organization both in our own state and elsewhere. In general, there were two forms or plans to be compared—the traditional eight years of elementary education followed by four years of high school, and the newer division of six years of elementary with six years of secondary education. In the 6-6 plan there are two common organizations—a

straight six-year high school, and a division into three years of junior and three years of senior high school. The reports and recommendations of committee members and the superintendent were prepared without group consultation and presented for discussion before being submitted to the school board. An especially significant fact was that every individual recommendation favored the adoption of a 6-6 rather than our present 8-4 form of organization.

The reasons, embodied in the formal committee report, are too lengthy to be included here but they may be summarized under these heads:

1. Increased enrollment, changed objectives, and administrative economies render a change in organization desirable.
2. Six years of high school seem to offer the most feasible solution to the problem of better service to all tastes, aptitudes, and abilities.

When the school board, without a dissenting vote, accepted the committee report and adopted the recommendations it contained a new epoch in the public school system of our city was inaugurated. The next step was the appointment of a joint committee of the City Council and the School Board to formulate and present proposals for a new high school building. The members of that committee were Walter H. Wood, Robert D. Marsh, Henry K. Dow, George A. Pray, Joshua Studley, and Kenneth H. Brock. That committee submitted as its report the following proposal from the Spaulding families.

November 5, 1936

The City of Rochester  
Rochester, New Hampshire

Gentlemen:

It has been the desire and intention of the Spaulding families for some time to contribute something to the City of Rochester that would be of public benefit.

There is no question but that Rochester is badly in need of a modern high school building. Our schools have not kept abreast of the most modern practice. We believe a careful survey should be made by experienced people familiar with this work to help determine the proper school to build—whether or not it should be built for four or six grades, and suggestions as to its location.

We believe that it will cost between five hundred and six hundred fifty thousand dollars (\$500-650,000.00) to construct and furnish an adequate building exclusive of building site, and athletic field. We understand that the City can probably secure a federal grant of 45% of the cost of the building site, building, furnishing, equipment and athletic field.

We will agree to give to the City, if required, a sum not exceeding three hundred sixty thousand dollars (\$360,000.00), which together with the federal grant should be ample to cover the cost of the entire building, furnishings and equipment.

Because we are very anxious to have this school undertaking of maximum benefit to the City, and believing that we may be of help in deciding differences in opinion, we make this gift, if accepted by you, upon the following conditions:

1. That the City of Rochester will provide a suitable site and athletic field without expense to us. It is understood by us that the Federal Government will assume 45% of this expense.

2. That the City will procure a grant from the Federal Government, under the P. W. A., of 45% of the cost of building, furnishings and equipment.

3. All plans and specifications for new building, equipment and location of same, the use or disposal of present high school buildings, the furnishings and equipment, and land on which they now stand shall be approved by us.

4. That the City of Rochester will appoint a building committee agreeable to us.

5. We reserve the right to withdraw this agreement if not accepted by November 20.

Very truly yours,

THE SPAULDING FAMILIES,

Mr. and Mrs. H. N. Spaulding,

Mr. and Mrs. R. H. Spaulding,

Mrs. Marion Spaulding Potter,

Mrs. Dorothy H. Spaulding.

In joint session the City Council and School Board unanimously voted to accept the offer and authorized the necessary contracts and appointments to comply with stated conditions. Thus we are now embarked on an educational enterprise that will serve as a beacon of progress and an enduring monument to the public spirited generosity of the Spaulding families.

#### TWO-SESSION HIGH SCHOOL DAY

A study of educational practice elsewhere and a careful analysis of our own needs convince me that our high

school should be operated on a two-session schedule. There is, throughout the entire country, a growing demand that tax-supported institutions function more largely in the lives of people and it is nowhere more insistent than in the realm of public education. If our schools are adequately to meet their responsibility it is only reasonable to allow them a proper working day in which to make that accomplishment.

In our present crowded seven-period day we are not allowing proper time for class work although it seems to be the best that can be done under the existing set-up. We should be able to provide more time for supervised study with a corresponding reduction in the amount of required home work. There is also a definite need for more time that can be given to social and extra-curricular activities of the school which educators recognize as of tremendous value in the development of a well rounded personality. On the whole we poorly substantiate the claim that school years are the most important period of life when we put our young people at work on a daily time schedule that both they and their parents know would be found too meagre for the successful conduct of even a mediocre business. It is time for us to put personal convenience in the background and build on the firmest foundation we can establish.

It is my recommendation to the Rochester School Board that our high school be operated on a two-session basis beginning in September 1937.

#### SCHOOL HOUSE REPAIR PROGRAM

Our annual repair program is an extensive one by reason of the number and the age of our school buildings. While it is necessary to make some minor repairs in every building we have tried to establish a system by which not more than two buildings each year receive major attention. When that plan becomes fully operative our school plant will be completely checked every three years. A systematized repair program should be more efficient as well as more economical than a somewhat hit-or-miss plan.

In the summer of 1936 the two buildings to receive most attention were East Rochester and the High School building. All first floor classrooms and lower

corridors at East Rochester were painted so that a much more cheerful and homey appearance is now presented than with the old color scheme. We expect to make similar changes in the corridors and second floor rooms next summer. Those improvements, together with the new room that has recently been finished downstairs, should put the East Rochester building in such condition that only minor attention will be needed for some time.

The high school repairs were the result of absolute necessity in order to make the building livable until a new one is completed. The assembly hall was divided into two classrooms, another science laboratory was equipped, new shades were purchased for windows, and a metal ceiling put in the lower corridor. It was the purpose of the committee not to make any heavy expenditure that would be lost when the present building is no longer used for a high school. Accordingly, the three thousand dollars special appropriation was so used that over twenty-three hundred dollars worth of equipment can be transferred without loss.

Considerable money was spent on the School Street building and this, too, was the result of necessity. The exterior woodwork of the building was painted for the first time since it was erected with the exception of sash painting by janitors. Both chimneys were badly weather-worn and unsafe so that they had to be taken down and topped out. A new chain link fence was built along the Winter Street side of the school yard to replace one that was no longer serviceable. A serious hazard to children was thus removed and, at the same time, the general yard appearance was improved.

There are two aspects of building maintenance that should interest us as tax payers and as those solicitous for the greatest good of our children. While caution and prudence in expenditure are good they can be carried to an unwise extreme when one is impelled by an intense desire to keep expenses down. It is no less true in the case of public buildings than of private property that delay in making necessary repairs must inevitably result in an increased expenditure. For this reason it seems best to establish a definite repair program which will not cause continued neglect for any building.

But there is an even more important, although perhaps less apparent, reason for building maintenance. Our boys and girls are at work in and around their school buildings more than any other one place except their homes. That contact sets up very definite reactions in their thinking and their attitudes. It is extremely important that we set before them those examples of attractiveness and good order which they may safely imitate in their own homes. Children are entitled to wholesome and attractive places in which to live and grow.

#### TRANSPORTATION OF PUPILS

Because of the intimate way in which it touches so many parents, school transportation has always been the subject of intense and prolonged discussion. This statement applies with almost equal force in every town or community where transportation at public expense has been undertaken. The many inquiries concerning our Rochester transportation system prompt the discussion here presented.

Contracts for transportation for a three-year period were awarded in August 1933 within a few days of my beginning service in Rochester and at a time when advice from me was impossible. During the life of those contracts a study of the entire question suggested that our 1936 contracts might well embody some worthwhile economies and improvements without impairment of service.

One of the changes proposed was that certain routes might be combined so that eight transporters could do the work previously done by eleven. After an inspection of every route in the city the Transportation Committee unanimously approved the suggested combination and received proposals for another three-year period. The combined routes are North Rochester and Rochester Hill, Shoreyville and Salmon Falls Road, Pickering and Rochester Neck. The present contracts, awarded as the result of competitive bidding, call for a generally improved equipment and show a net saving to the city of approximately six hundred fifty dollars per year when the elimination of liability insurance on three busses is added to other economies.

Because of grave misunderstandings and disappointments centering in the discussion of parochial school transportation we believe the public is entitled to a full presentation of the rights of school boards under existing law and official obligations. Regardless of one's sympathies and ambitions there are definitely established bounds beyond which one cannot go if he would remain true to his public trust. The Constitution of the State of New Hampshire contains this statement: "—provided, nevertheless, that no money raised by taxation shall ever be granted or applied for the use of the schools or institutions of any religious sect or denomination." Until amended or repealed the New Hampshire Constitution is the supreme state law. Every school board member on assuming his official duties takes the following oath of office: "Do you solemnly swear that you will faithfully and impartially discharge and perform all the duties incumbent on you as member of the School Board in the City of Rochester, according to the best of your ability, agreeably to the rules and regulations of the constitution and laws of the State of New Hampshire? So Help You God." As a state official, a superintendent of schools is subject to the same legal restrictions on his advice and recommendations that surround board members.

When those restrictions are so modified that it can be properly done without evasion or subterfuge neither superintendents of schools nor school board members will wish to limit the privileges of any deserving applicant.

### SUMMER PLAYGROUND ACTIVITIES

The extension of playground facilities and the increased activities of people of all ages present a situation much different from that which obtained when the school department assumed the direction of Hanson Pines Playground several years ago. Then, there was no equipment except such as was moved from the school grounds and activities were limited almost wholly to swimming. It seems to me that the time has come when the control and direction of playground work should be definitely lodged with the Shade Trees, Parks, and Commons Committee of the City Council.

The general control of playground sites as well as the purchase and care of equipment is already exercised by that committee. No such control is exercised or desired by the School Department. Hence it was wholly to be expected that the question should be raised last summer as to why the School Department hired and supervised instructors for a playground under the immediate control of a Council committee. In my opinion such dual responsibility is unsatisfactory and ought to be terminated by a definite understanding.

For a period of eight weeks last summer Albert Bickford was employed by this department and Muriel Chase was employed under the auspices of the Council committee. Their schedules are here given.

#### ALBERT BICKFORD

1:00-2:00	Tennis lessons
2:00-3:00	Playground games
3:00-4:30	Pool activities
4:30-5:30	Croquet and shuffle board
5:30-7:00	Adult games
7:00-8:00	Free as needed for games and contests.

#### MISS MURIEL CHASE

9:00- 9:30	Clean up and preparation
9:30-10:30	Game period
10:30-11:00	Stories
11:00-12:00	Swimming in the pool
1:00- 5:00	General supervision and game instruction.

In order to avoid even a suggestion of less than complete cooperation I recommend that the School Board eliminate from the 1937 budget provision for the salary of a summer playground instructor. We should, however, stand ready to act in an advisory capacity whenever our services are required.

#### DIVISION OF WORK

In anticipation of the time when our seventh and eighth grades will be a part of the high school organization we have tested a plan of teaching which I believe

should be followed in the school year of 1937-1938. In the Allen and East Rochester schools teachers of the two upper grades have divided their work so that one teacher has had charge of a given subject for both grades. Among the advantages of the plan the following may be listed:

1. Pupils are introduced to a practice which must be followed later.
2. Teachers are enabled to present that work for which they are best fitted by preparation and inclination.

The plan has demonstrated its success to the point where we propose to give it wider application in the next school year. We do not believe in carrying division of work below grade seven.

#### IMPROVEMENT OF TEACHERS IN SERVICE

The three most common ways to accomplish improvement of teachers while in service are attendance on institutes and conventions, professional reading, and summer school attendance. Rochester teachers annually make use of the first two means but more should attend a summer session or its equivalent. To me it does not seem unreasonable to expect teachers to attend summer school at least every fourth year after entering upon teaching duties. In fact alert and progressive teachers in all states are so doing in increasing numbers. Our own group should do the same.

I believe this Board will do well to make the ruling that all teachers who did not go to summer school in 1933 or have not since then will be expected to take such work in the summer of 1937, and that others must not allow a lapse of more than three years between any two periods of summer school attendance.

#### HEALTH SERVICE

All of the training and instruction any school can give is subject to the health and capacity to enjoy life which each individual possesses. Therefore, it is my firm belief that the promotion of good health is second in importance to no other phase of our school work.

Such health service as we now have functions well but we should extend such service.

The work of our School Nurse is indispensable. That recognition is now so general that proof is not needed. However, her work could be even more effective if we had a salaried school physician to whom she might frequently refer cases for consultation or examination. Both my previous experience and the conclusions of Miss Elizabeth Murphy, State Supervisor of Health, support the recommendation now to be made that this Board elect a School Physician with a stated salary. Such election would give the nurse a better opportunity for effective treatment of puzzling cases than she now has. To be sure, our 1936 budget provided in a limited way for better health service than formerly but with even that provision there is still much to be desired. I believe the best interests of school children can be adequately served only when the work of the School Nurse is strengthened by combination with the services of a salaried School Physician whose duties are specifically stated.

When we are planning improved health measures we should not overlook the organization of a dental clinic, for the proposed new high school is planned with a health unit to accommodate such a venture. Both the physical well being and the proper social adjustment of children are tempered by dental care. This short discussion is merely in preparation for the recommendation that will come a year hence when we expect to ask for the establishment of a dental clinic for public school members.

#### REPORT CARD STUDY

Modern school administration has for one of its important considerations the development of an adequate and satisfactory reporting system. With the assistance of our elementary teachers we are endeavoring to improve our own report cards so that parents may receive helpful information about the progress and industry of their children. An earnest attempt is being made to remove many objections which we all recognize and, at the same time, to keep a desirable simplicity.

Natural differences among people must inevitably lead to rivalry and consequent disappointment when varying degrees of progress are reported. This is especially true of children who often see superior ability more liberally rewarded without effort than limited ability with superior effort. Either exasperating assurance or crushing despair results. It is our aim to devise a system that shall properly recognize meritorious effort and stimulate competition with one's own record. We are most interested in the extent of use of the ability with which each individual is endowed.

All of our teachers are anxious to place before parents a clearer picture of the school citizenship of their children. This school citizenship includes such points as neatness of work and person, attitude towards work, spirit of cooperation and helpfulness, extent to which full ability is used. These are points which will vitally affect the after lives of all pupils, and for their proper development we solicit the friendly aid of all people.

#### ART INSTRUCTION

The attractiveness of our homes, the design of household furnishings, the appeal of municipal parks and commons, and the pleasing appearance of the setting in which people cast their daily lives depend largely upon appreciation of beauty. In my opinion that appreciation should be developed by a more systematic and expert study of art than our schools now provide. Unless teachers are especially gifted or are regularly assisted by one of more than ordinary artistic sense their classes cannot receive effective art training. It therefore seems to me that a special teacher of that subject may well be considered desirable when our schools are operated on the 6-6 basis. That teacher could be employed part time in the high school and part time in the grades. Our idea would not be to produce finished artists whose talents could be commercialized so much as to give to all pupils an opportunity to create and enjoy beauty. After all, the most important function of our educational process is to increase the capacity for enjoyment of life's offerings at the same time we are expanding individual usefulness.

## ADULT EDUCATION

Contrary to our plans of last year we have again organized adult classes under W. P. A. The work is devoted wholly to preparation for citizenship to meet the needs of about seventy residents of this city. Both afternoon and evening classes have been organized to serve those whose employment limits their opportunity to attend class. The interest shown is most commendable and progress to date is very satisfactory. There can be no doubt that recent social security legislation has prompted the worthy ambition to attain citizenship. This department stands ready to assist in every way possible.

In response to economic pressure Rochester several years ago abandoned the regularly organized evening schools which had been maintained with good results. It seems to me that such service should be restored on our own responsibility and without reference to government assistance. By so doing we can more fully meet the needs of our people than when subject to W. P. A. restrictions. This Board is asked to approve the organization of an evening school for the winter of 1937-38 and to make financial provision therefor in the budget. Completion of a part or all of the twelve grades of public school should not mark the termination of school service to our former pupils. A public obligation continues beyond that point.

## CONCLUSION

Throughout the period covered by this report problems presented to the School Board have been approached in a manner at once fair-minded and cooperative. Teachers have given excellent and devoted service. Parents have shown a most commendable and helpful interest in our endeavors.

For all these things we are truly grateful and we accept them as challenges to continued and more earnest service to boys and girls who are our most substantial public asset.

Respectfully submitted,

ARTHUR S. ROLLINS,  
Superintendent of Schools.

# REPORT OF HEADMASTER OF HIGH SCHOOL

---

February 1, 1937

*Mr. Arthur S. Rollins, Superintendent of Schools,  
Rochester, N. H.:*

Dear Mr. Rollins:

I herewith submit my first annual report as Headmaster of the Rochester High School.

This report will cover the school year from September 9, 1936 to February 1, 1937, a period of five months during which I have had an opportunity to become familiar with the system as well as to know the members of the staff and many of the members of the student body.

## REGISTRATION IN ROCHESTER HIGH SCHOOL

	Fresh.	Soph.	Jrs.	Srs.	P. G.	Ttl.
Pupils enrolled Sept. 9, 1936,	170	128	103	77	6	484
New pupils admitted,	2	3	6	1	2	14
Pupils discharged,	23	10	5	3	1	42
Pupils in school February 1,	149	121	104	75	7	456

Two significant observations in the above figures are:

1. The percentage of pupils in the various classes as compared with those for the entire state. (See chart below.)
2. The number of pupils who have left school in the first five months of this year. (See figures on discharges.)

## Percentages of pupils in Each Year of High School

	Rochester	New Hampshire 1935-36
Grade 9 . . . . .	32.6%	33.4%
Grade 10 . . . . .	26.5%	25.8%
Grade 11 . . . . .	22.8%	21.5%
Grade 12 . . . . .	16.4%	19.3%

The percentages of pupils in our various classes follow closely the percentages of the entire State of New Hampshire. These percentages indicate that our sophomores and juniors are staying in school about 1% better than in other schools in the state, while the number of seniors is 3% less than the figures for the rest of the state last year.

We appear not to have any greater separation of pupils from high school in Rochester than in other sections. Our holding power appears to be as strong as it is elsewhere but with a senior class just half the size of our freshman class. It is worth noticing that this means that about 50% of the pupils who enter high school do not complete their education.

**DISCHARGES FROM ROCHESTER HIGH SCHOOL,  
SEPTEMBER 9 TO FEBRUARY 1**

Reasons	P. G.	Srs.	Jrs.	Soph.	Fresh.	Ttl.
Married		1				1
Died				1		1
Ill health				1	1	2
Lost interest			2		6	8
Shortsightedness of parents					1	1
Employment		1		8	8	17
Transferred to another school	1	1	3	2	5	12
Total	1	3	5	12	21	42

Between September 9 and February 1, forty-two pupils have left school. Of these thirty have pre-

sumably finished their education. One-half of these discharges occurred in the freshman class. Improvement in industry with the greater opportunity for gainful employment may have been a reason for some of these pupils leaving school.

#### TUITION PUPILS ATTENDING ROCHESTER HIGH SCHOOL

Wakefield	28	Middleton	4
Barrington	13	New Durham	1
Lebanon, Me.	9	Milton	1
Farmington	4	Acton, Me.	1
Strafford	4		

It is significant that the numbers of pupils from surrounding towns attending Rochester High School has steadily increased during the last few years.

While not a few of these tuition pupils are taking our courses in practical arts, there are as many taking work in commerce and academic subjects.

A conclusion to be drawn from this fact seems to be that there are certain desirable features about the educational advantages of a large school which tend to make people desire to send their children there for their education. This implies that our school has not yet reached the maximum growth, but that it is to be expected that it will continue to increase in size for the next few years.

#### SCHOLASTIC STANDING

Our honor list for the half year ending January 29, 1937, was divided between the various classes as follows:

	Pupils with Ave. over 90%	Pupils with Ave. 85-90%	Totals	% of Class
Seniors	6	13	19	25%
Juniors	3	12	15	14%
Sophomores	11	11	22	18%
Freshmen	5	24	29	19%
<b>Totals</b>	<b>25</b>	<b>60</b>	<b>85</b>	<b>19%</b>

Our percentages of pupils failing one or more subjects for the half year ending January 29, 1937, was as follows:

	Numbers	Percentages
Seniors	1	1.2%
Juniors	7	6.7%
Sophomores	14	11.5%
Freshmen	33	22.1%
Totals	55	12 %

Approximately one-fifth of our pupils received averages in all subjects for the half year above 85%, while one-eighth of our pupils failed for the half year in at least one subject. As to whether these figures are high or low, I cannot tell.

In considering the fact that about half of our entering freshmen leave school before the end of their senior year, the question might be raised as to whether or not any relation exists between the number of failures and the number of pupils who eventually leave school.

Certainly it is true that pupil failures are uneconomical of time and money and at the same time discouraging to teachers and pupils.

#### GRADUATES OF THE CLASS OF 1936

Colleges and Normal Schools .....	16	pupils
Business and Nursing Schools .....	4	"
Preparatory Schools .....	3	"
Post Graduate Courses .....	6	"
Gainfully occupied .....	38	"
At home .....	12	"

Of the graduates of the class of 1936 16 pupils went to four year colleges or normal schools in New England. As this report is being written all of these pupils are making satisfactory progress in their work.

That thirty graduates of last year's class wanted

and were able to continue their education not only indicates their ambition, but also suggests the value of guidance and the necessity of starting it early in the school before our boys and girls drop out to go to work.

#### AFTERNOON SESSIONS

School board regulations provide two afternoons a week for the purpose of aiding pupils deficient in their studies. With the entire staff of teachers available on these afternoons, all pupils failing for any six weeks' period have come back in the afternoons for assistance in their work. This aid has resulted in real improvement in cases of pupils having difficulties with their work.

In the cases of pupils who through laziness or similar factors have failed to do their work, these afternoon sessions have also had some effect.

They will not, however, take the place of parental authority and insistence in the home that a regular time be set aside each day during which the pupil shall do a fair amount of conscientious study.

Attention is called to the fact that the school in requiring deficient pupils to return in the afternoon does so under authority of the School Board. The requirements of the school are expected to come before the outside activities and interests of pupils and parents in cases of deficiency.

#### WORK IN THE FUNDAMENTALS

In the fall, a series of tests was given to our pupils in Arithmetic, Spelling, Place Geography, and Penmanship. All pupils found to be below standard in these tests have been required to take drill work once a week. The importance of keeping alive the fundamentals should not be overlooked, for this function of the high school is second only to that of training our pupils to be good citizens.

#### ADDITIONAL CLASSROOMS AND LABORATORY EQUIPMENT IN USE

During the summer of 1936 the old Assembly Hall was converted into two classrooms by the erection of

a partition thus providing additional classroom space. One of the rooms is in constant use during the day, seating 45 pupils, while the other of a like capacity is in use six periods of the day.

To accommodate three divisions of general science as well as chemistry and physics classes, two new laboratory table units were added to the enlarged laboratory on the top floor, providing for twenty-four additional students.

These laboratory facilities are used every period of the day.

#### FINANCIAL STATEMENT

Included with this report in another place is the financial statement of payments and receipts of the Student Activity Association from January 1, 1936 to January 1, 1937.

I should like to suggest that this statement as shown does not indicate the financial condition of any of the activities of the school at a given date.

Since the school operates from September to June, and closes its books at the end of June, the time to get an accurate statement of the condition of the numerous activities is in June.

The various class funds are included in the balance in the savings account and do not indicate a reserve on which we can draw at any time. The balance of the checking account of \$224.77 has bills outstanding against it which do not show in the report. Again football shows a loss of \$328.00 on the report from January to January. The exact loss from September 1 to January was \$262.53.

A year from now, the report to be published will be based upon our activities from September to June, showing which activities are operated at a profit and which are operated at a loss.

#### EXTRA CURRICULAR ACTIVITIES

The school has as great a responsibility for the social and physical well being of its pupils as it does for their mental development and their character development.

In this respect Rochester High School has been active this year although working under limitations both of time and of space.

In formal athletics, organized teams with regular schedules and the following numbers of pupils have participated.

Football	54 boys	9 games
Basketball	18 boys	15 games
	20 girls	12 games

With daily practice under competent instruction these children have been well provided for.

Approximately fifty pupils have participated in the work in dramatics this year. With several short plays, a three-act production, and two one-act play contests, one of which is an original one-act play production scheduled for this spring, our work in this field appears to be serving the needs of our pupils.

About forty pupils are engaged in the preparation of the school magazine which appears four times a year. The needs of pupils desiring to express their ideas in creative writing are thoroughly encouraged and directed by those in charge of this work.

Glee Club and Orchestra practice are provided with weekly rehearsals for those pupils interested in music. About twenty-five pupils attend orchestra rehearsals while Glee Club draws seventy-five pupils in the morning practice period, but only half that number in the afternoon period.

Assemblies have been held in the City Hall. All programs have been prepared by pupils and teachers with opportunity provided for the various organizations of the school to share in this type of activity.

Three successful school parties have been held so far this year. Organized for social purposes, these parties serve as a means of helping children to overcome shyness and to learn how to meet other people under conditions outside of the regular school atmosphere. As socializing influences, these parties are among our most valuable activities.

One poor feature of all of these activities is that they do not serve enough of our pupils. Each pupil

should have an opportunity to participate in some of the activities. The pupil who is a failure scholastically may gain enough from these activities to justify all the effort made to keep him in school and off the streets.

#### RECOMMENDATIONS

1. Our most serious handicap in Rochester High School is a lack of time to conduct our classes properly. The minimum amount of time permitted by the State Board of Education for class periods is forty minutes net. Our periods are forty minutes gross with time deducted for passing between classes.

As a result of these short periods, lesson hearing, home assignments and explanations by the teacher take much of the time. Pupils, especially in their first two years, should have the right to study their lessons under the supervision of the teacher concerned so that difficulties encountered may be corrected at the time they occur.

Such a plan would eliminate much of the homework now assigned to our freshmen.

My recommendation is that our periods be lengthened to fifty or sixty minutes.

2. In order to increase the length of the class periods and to provide homeroom periods and activity periods as well, I recommend lengthening the school day by an hour or an hour and a half. The only practical method of doing this is to provide two sessions for the school day.

3. There is a definite need for an additional science course in the sophomore year. I believe that our laboratories and staff are sufficient for us to introduce it. A small outlay for new equipment would be necessary. Either Biology or Physiography should be offered.

Our sophomores who at the present time have no choice for election other than French and History will thus be able to fill their program in a field which may prove of greater value to them.

In concluding this, my first report, as Headmaster of the Rochester High School, I wish to express my

appreciation for the cooperation which I have received from Superintendent, teachers, parents, and pupils during this past year.

I feel that the spirit of the pupils is excellent and that your high school is developing valuable citizens for the future.

Respectfully submitted,

CARROLL W. PEAVEY,  
Headmaster.

## REPORT OF THE SCHOOL NURSE

---

*To the Superintendent of Schools:*

I herewith submit my annual report as school nurse.

Approximately nineteen hundred pupils were examined in the public and parochial schools. The following defects were found:

Hypertrophied tonsils .....	102
Defective teeth .....	454
Defective hearing .....	15
Defective vision .....	106
Orthopedic cases (being treated) .....	3

Parents were notified of these defects and about forty per cent. have been corrected. The Kiwanis Club and Red Cross have been very generous in financing the corrections of these defects. Our greatest problem is to be found in correcting dental defects. A well organized dental clinic would be very beneficial to this city.

A benefit moving picture netted sixty-nine dollars. Free milk was supplied from January to June to 58 pupils in the public schools and 15 pupils in the parochial schools.

Several Tuberculosis Clinics have been held during the year.

Forty-eight children were immunized at the Toxoid Clinic held in May.

Four hundred and twenty-six home visits were made in the past year.

I wish to thank you and all the teachers for the cooperation I have received. It has been greatly appreciated.

Respectfully submitted,

NORA C. SCAHILL, R. N.,  
School Nurse.

TABLE A—REGISTRATION AND ATTENDANCE  
FOR THE SCHOOL YEAR 1935-36

Donald C. Palmer	Glennis Irene Walsh
Marjorie L. Parker	Sara Josephine Watson
Brenda Arline Parsons	Sanford John Wilcox
Carrol Halice Peterson	Dorothy Weeks
Norman Frank Pierce	Jeanice Young
Emma B. Pike	Roberta Alice Young
Ida Regis	

## CLASS ODE

Constance Libbey

Music, "The Call of Love," A. Walter Kramer

On paths leading skyward we wander—  
We are young—we have strength—we have hope.  
Feet on the way—  
Our feet on the clay  
Are still far from the clouds there afloat.  
As we look high our eyes follow  
That steep trail that twines toward the deep skies.  
Our ideals are hung there in stardust  
In our eyes there are tears; on our lips, sighs.

To the stars—to ideals of the future.  
For vict'ry our hearts have sought God.  
O make us like trees that are high, that are strong  
Embedded deep in the earth's sod.  
God, make us like trees that are strong, that are high  
Embedded deep in the earth's sod.

## EIGHTH GRADE GRADUATES, JUNE 12, 1936

## ALLEN SCHOOL

Geraldine Andrews	*Laurenee Gaskell
*Patricia Arnold	*Austin Grant
*Maurice J. Berry	*Carlene Grenier
*Alice Bickford	Catherine F. Lance
*Carlisle R. Blood	*Rene Letourneau
*Isabelle Bunker	*Barbara L. Lord
*Mary Rose Caplette	*Juliette A. Michael
*Alice M. Chase	*Raymond Mooney
*Normajane Copeland	*Palma R. Morin
*Robert Cummings	*Elizabeth Osgood
*Patricia Dearborn	Esther Souza
Clyde M. Downs	*Eleanor M. Stacy
Eleanor C. Faber	*Eunice Stevens
*Paul Fairweather	*Roberta A. Stewart
*Robert Fisher	*Reginald Stone
*Sheppard Fox	*Edgar G. Varney, Jr.
*June C. Freeman	*Olive Weymouth
*Harry C. Gaskell	

## SCHOOL ST. SCHOOL

*Erwin R. Brown	*Betty Lucey
William Burns	*John Marshall
*Edgar F. Buswell	*Lawrence Mooreside
*Paul H. Currier	*Richard O'Brien
*Robert W. Davis	*Beatrice Owen
*Pauline Downing	*Arnold Pelletier
*Meredith Goss	*Harry Phillips
Fannie Hall	*Alfred Ratcliffe
*Elaine Harris	*Marjorie Rogers
*Everett W. Herson	*Verna Rogers
*Esme Jackson	*Kenneth Rollins
*Elizabeth Kimball	*Donald Thomas
*Alfred Kondrup	Charles Pearson
*Barbara Littlefield	*Edith Wentworth
*Charles Littlefield	*Rosemary McDonough

## MAPLE ST. SCHOOL

Lucille Archambault	*Lionel Bergeron
Fernande Belanger	*Arlene Berry
Arthur Benner	Charles Berry
*Doris Bennett	*Lucille Berry

*Everett Bickford	Isabelle Landry
*Mae Braudis	*Marion Otis
*Lorraine Brock	*Franklin Page
*Kenneth Brooks	Rita Pare
*Atina Capodestria	*Lawrence Pike
*Steven Capodestria	*Richard Pray
*June Caron	*Georgianna Richards
Roger Cormier	*Norman Rowe
*Clyde Dutton	*Constance Snow
Thelma Grenier	*Dora Stearns
Frank Hood	Marilyn Veno
*Norman LaBelle	*Donald Wotton

## GONIC SCHOOL

James E. Allan	*Phyllis L. Libby
*Julien A. Beaulieu	*Frances D. Lincoln
*Robert Breton	*Mary Louise McCarthy
Anna Cullen	Walter H. Morrill
Orman A. Dodge	Ethel I. Quimby
Ruth P. Dougherty	*Neil P. Richey
*Marjorie B. Gilbert	*Marie L. Rigazio
Carlton R. Gosselin	Walter A. Rowe
*Doris J. Gowen	*Anna Tuttle
Lera M. Howard	Estella M. Woodbury
*Gwendolyn T. Lenfest	

## EAST ROCHESTER SCHOOL

Kathleen Alley	Pauline Hartford
*Glendon Atkinson	*Robert Heaney
*Lois Bowers	*Frances Quimby
*June Chisholm	Barbara Stevens
*Leland Clough	*Roy H. Tebbets, Jr.
*Miriam Corson	*Alfred Turmelle
*Thelma Corson	*Harold VanBuskirk
*Louise Farmer	Esther Wilson
Wayne Hall	

---

\*Entered Rochester High School September, 1936.

---

## IN MEMORIAM

Yvonne Potvin, Gonic School, Grade VI, May 2, 1936. Born October 27, 1920.

Jeanette F. Lagasse, High School, Grade XII, September 6, 1936. Born March 27, 1918.
